

Selected SMEs and start-ups

- URBAN TECH Open Call -

Legal name*	Country	Title of the Challenge	Average Score
Industrial Analytics IA GmbH	Germany	Optimization of the wastewater pump in Kauno vandenys	9,78
Stam S.r.l.	Italy	Urban dashboard: presenting data visually to citizens+ decision-makers	9,67
Artys	Italy	Tool for integrating weather forecasts into building automation	9,67
Kradient Intelligence Oy	Finland	Solutions for surveillance docked boats in urban river area	9,56
Anna Assistance, SIA	Latvia	Life Cycle Impact Calculation using BIG Data Solution	9,56
Fidera Ltd.	Finland	Visitor tracking for smart disc golf courses	9,56
Kovina Trade d.o.o.	Slovenia	E-charging and route optimisation for fault-clearing services	9,56
BETTERGY SL	SPAIN	Electric load forecasting tool	9,44
Enée Bussac	Germany	Additional function for our regional mobility app: CO2-sharing points	9,44
Gridio 2.0 OÜ	Estonia	Dynamic EV charging service	9,33
Kentyou	France	Urban dashboard: presenting data visually to citizens+ decision-makers	9,33
Skinuvita GmbH	Germany	2% of world population can't get effective home treatment	9,33
WEO SAS	Luxembourg	Monitoring of nature parks	9,33
UAB "Dirbtinis intelektas pramonei"	Lithuania	Resource-efficient production in cosmetics industry	9,33
Industrial Analytics IA GmbH	Germany	Tool for ensuring operational efficiency of pellet heating systems	9,33
OmegaLambdaTec GmbH	Germany	Integrating electricity price forecasts into building automation	9,33
solbytech gmbh	Austria	PV CRM database for solar installer	9,33
ComSensus, komunikacije in senzorika, d.o.o.	Slovenia	Power grid optimisation by using additional data from smart-meters	9,22
Güven Future Health Technologies INC	Turkey	Optimizing and digitizing triage workflow for mental health patients	9,11
Hidas Technologies / Greenele Oy	Finland	Charging station sharing (private e-cars only) @ residential buildings	9,11

let's dev GmbH & Co. KG	Germany	Hey bank, how much green electricity did my investment generate today?	9,11
Owners Partners S.L.	Spain	Smart tourism - mobility challenge for the city	9,11
Wakaru Consulting Lda	Portugal	Electricity consumption improvement and monitoring in Kauno vandenys	9,11
UAB "Medelcom International"	Lithuania	Direct examination of aortic stiffness	9,11
Skinuvita GmbH	Germany	2% of world population can't get effective, convenient skin treatment	9,11
Ingeniousware GmbH	Germany	Optimising central water meter evaluation of a water utility company	9,11
Senzoro GmbH	Austria	Optimising operation & control parameters for biomass heating plants	9,11
ACTIMI GmbH	Germany	Digital remote monitoring system of cancer patients	9,00
Botteja Oy	Finland	Training support for people suffering from non-communicable diseases	9,00
Madesign OOD	Bulgaria	Workplace of the future - mitigating musculoskeletal system disorders	9,00
Pargianas Nikolaos & Co EE (NTL Chemical Consulting)	Greece	Technology process for production of resin from non-fossil fuel based materials	9,00
U-Hopper srl	Italy	Innovative informing citizens about excess air emissions	9,00
Microbium d.o.o.	Slovenia	Monitoring and reduction of chlorine in drinking water	9,00
Stuart energy	Lithuania	How to avoid charging points to be used as a parking space?	9,00
Sugarbyte, Luka Zupancic s.p.	Slovenia	Using digital solutions to solve the diabetes self-management puzzle	9,00
Waboost razvoj tehnologij d.o.o.	Slovenia	Maintaining Healthy Ponds	9,00
Embneusys PC	Greece	Real-time GPS tracking system for the delivery of pellet boilers	9,00
Güven Future Health Technologies INC	Turkey	2% of world population can't get effective home treatment	9,00
Ingeniousware GmbH	Germany	Digitalize and Optimize of Water Supply System	9,00
UAB Emplastrum	Lithuania	2% of world population can't get effective, convenient skin treatment	8,89
Owners Partners S.L.	Spain	e-Parking in an innovative city district	8,89
MB "Techlinija"	Lithuania	Personalized prosthetic socket adjustment automation	8,89
Sensgreen	Turkey	AI-Based Building Energy Management And Control Systems	8,89
ASTIBOT	Spain	Weeding robot mission planner	8,89
Eupnoos Ltd	United Kingdom	Improvement of an existing process, Service development, Software solution,	8,89
Local Food Ltd.	Bulgaria	From Farm to Fork - Connecting Farmers to Restaurants and Households	8,89

Panda Training Oy	Finland	Individual prevention of mental problems by combining AI & mental help	8,78
QALEON SOLUTION SL.	Spain	Remote monitoring of COPD patients	8,78
Renotech Oy	Finland	New concrete recipes (alternative materials for concrete production)	8,78
Stam S.r.l.	Italy	Pedestrian safety technologies	8,78
MetaProvide Holding Ekonomisk förening	Sweden	2% of world population can't get effective home treatment	8,78
Xymbot Digital Solutions S.L.	Spain	Food Traceability System	8,78
Enée Bussac	Germany	DEBMOBHUB - Mobility Hub business model	8,78
Stowarzyszenie Robotyków SKALP	Poland	Real-time GPS tracking system for the delivery of pellet boilers	8,78
GridMetrics ltd	Bulgaria	Energy consumption optimization through machine learning	8,67
VST srl	Italy	Remote monitoring of COPD patients	8,67
Fidera Ltd.	Finland	Solutions for surveillance docked boats in urban river area	8,67
Gedvita	Lithuania	Remote and long-term heart rate monitoring clothes	8,67
Green House Effect Oy	Finland	Solutions for using urban runoff water for watering	8,67
nymea GmbH	Austria	External central control unit for multiple solar inverters & batteries	8,67
OmegaLambdaTec GmbH	Germany	Energy balance forecasting tool for Renewable Energy Communities (REC)	8,67
UAB "Medelcom International"	Lithuania	Universal equipment for ultrasound (US) transducers inspection	8,67
Waboost razvoj tehnologij d.o.o.	Slovenia	Optimizing Wastewater Management with green solutions	8,67
BAUTA GmbH	Germany	Improving public transport services for people with disabilities	8,67
PANOPTIKUM, MARKO CAFNIK S.P.	SLOVENIA	Focus on your Future #VR	8,56
CrabSec OÜ	Estonia	Visitor tracking for smart disc golf courses	8,56
Kradient Intelligence Oy	Finland	Fall prevention and detection for elderly care	8,56
Rhoé.	Greece	Planning of greening of streets	8,56
TRAKEN TECH DOO	Serbia	Hey bank, how much green electricity did my investment generate today?	8,56
Energ+ d.o.o.	Slovenia	Reduction of microplastics and water usage in laundry services	8,56
nollaE Oy	Finland	Concepts for heating/cooling industry area with local distribution	8,56
Smart Octopus Solutions d.o.o.	Slovenia	Professional Event Participation Tracking System	8,56
UAB Energy Advice	Lithuania	Digitalization of glass melting, bottle forming-quality check process	8,56
ACTIMI GmbH	Germany	Remote monitoring of COPD patients.	8,56

UAB Vilimed	Lithuania	Mobile application for monitoring and diagnosing movement disorders	8,56
medicalvalues GmbH	Germany	Digital cross-sector diagnosis and process optimization in geriatrics	8,56
CIMPA – Centro de Inovação em Materiais e Produtos	Portugal	Alternative materials replacing cement in concrete slab production	8,44
Blokgarden Oy	Finland	Engaging Residents in Urban Meadow Management	8,44
Efektyvus Saugos sprendimai UAB	Lithuania	Fastest and most efficient surface disinfection in food industry	8,44
Goodmill Systems Oy	Finland	All weather robust edge computing unit to process computer vision data	8,44
Industrial Analytics IA GmbH	Germany	Digitalize and Optimize of Water Supply System	8,44
UAB UNISOLUTIONS	Lithuania	A platform for managing virtual/remote sport events	8,44
flixbeton GmbH	Germany	Measure CO2 emissions for buildings caused by ready-mix concrete.	8,44
Webmark Europe	Hungary	Smart inventory for objects in public spaces - application	8,44
3D fly e.U.	Austria	Measurement of large roof areas for PV by survey drones	8,33
SUNNYBAG GmbH	Austria	<100 \$/kWh for home users for ON/OFF Grid energy storage	8,33
wego	italy	Optimizing urban mobility considering all aspects of sustainability	8,33
In Balance grid, UAB	Lithuania	EV charging balancing	8,33
Kradient Intelligence Oy	Finland	Solutions for smooth traffic	8,33
Pažangūs pozicionavimo sprendimai, UAB	Lithuania	Safety and efficiency in the warehousing process	8,33
UAB Siemtecha	Lithuania	Optimization of the wastewater pump in Kauno vandenys	8,33
UAB TrustGuru	Lithuania	Automated GDPR compliance for accountants	8,33
3DV Risk sp. z o.o.	Poland	Energy Storage Safety System	8,33
delivery-me	Germany	Autonomous delivery vehicle as a last mile solution for smart cities	8,33
Opus Novo GmbH	Austria	Fall prevention and detection for elderly care	8,33
Superface ltd	Czech Republic	Tool for integrating weather forecasts into building automation	8,33
RoadCloud Oy	Finland	Communication between vehicles and city infrastructure	8,33
Dominic Chippendale	United Kingdom	Small-scale wind turbine optimized for a household environment	8,22
Waymap	United Kingdom	Tenants navigation system in office complexes	8,22

Robota	Italy	Smart automated management for medical resources and tools	8,22
Campfire Solutions GmbH	Austria	Energy balance forecasting tool for Renewable Energy Communities (REC)	8,22
ADO	Slovenia	Accessibility of quality prevention programs for youths	8,22
EstiMates Oy	Finland	Digital biomarkers in randomized clinical trials (RCT)	8,22
Sensgreen	Turkey	Alarm For Future Museums Museum Exhibit Storage Monitoring System	8,22
UAB Emplastrum	Lithuania	2% of world population can't get effective home treatment	8,22
UAB Energy Advice	Lithuania	4th generation district heating network using Digital Twin technology	8,22
ai-omatic solutions GmbH	Germany	Calculation and visualisation tool for adaptive predictive maintenance	8,22
Green House Effect Oy	Finland	Solutions for improving biodiversity with greenery in urban areas	8,22
Jukka Suutari	Finland	Smart lockers for storing & charging devices in schools	8,22
MB Piksinas IT	Lithuania	Smart mobile inventory software	8,22
Renotech Oy	Finland	Increasing the usage of carbon dioxide in concrete slab production	8,22
1A INGENIEROS SLP	SPAIN	Creating marketplace for straw based materials such as straw and reed	8,11
ComeTogether PC	Greece	Professional Event Participation Tracking System	8,11
Groupnow Singleperson P.C.	Greece	A tailor made systems for applications in startup- support programs	8,11
Make 18 Ltd	Bulgaria	Planning of greening of streets	8,11
DAGOPT Optimization Technologies GmbH	Austria	Energy balance forecasting tool for Renewable Energy Communities (REC)	8,11
K3Net Kft	Hungary	Renewable energy transition via smart geothermal energy	8,11
Eupnoos Ltd	United Kingdom	Improvement of an existing process, Service development, Software solution,	8,11
Rhoé	Greece	Urban dashboard: presenting data visually to citizens+ decision-makers	8,11
TRAKEN TECH DOO	Serbia	RES sharing Platform for public administration buildings	8,11
Optimems	Greece	EV charging balancing	8,11
Skeleton-X	Israel	The solution for rehabilitation and athletes, para athletes training	8,11
Kradient Intelligence Oy	Finland	Pedestrian safety technologies	8,11
MB "Technologijų Konsultacijos"	Lithuania	Digitalization of glass melting, bottle forming-quality check process	8,11
Remoted Oy	Finland	Carbon free people/material flow in developing industry area (service)	8,11
Easy Smart Grid GmbH	Germany	Enable heat pumps and EV chargers to become "virtual PV batteries"	8,11

Optimems	Greece	External central control unit for multiple solar inverters & batteries	8,00
CTRL Reality	Finland	Mobile AR platform for tourist information at the seaport	8,00
MOTIONTAG GmbH	Germany	Automatic calculation of the modal share of the city transport	8,00
Acrux Cyber Services	Lithuania	Additional function to the regional mobility app: storytelling	8,00
Rhoé	Greece	Space management and vacant buildings	8,00
Rhoé	Greece	Gender-Inclusive Urban Planning	8,00
Motivation ganz anders GmbH	Germany	A platform for managing virtual/remote sport events	8,00
Mecislovas Kaulakis	Lithuania	Electricity consumption improvement and monitoring in Kauno vandenys	8,00
Sensoan Oy	Finland	Scale solution for chair / bed	8,00
Zana Technologies GmbH	Germany	Patient companion app for respiratory diseases	8,00
baseflow AI solutions GmbH	Austria	Tool for integrating weather forecasts into building automation	7,89
INV Holdings OÜ	Estonia	Mobile navigation platform supporting truck traffic in the port	7,89
Shape d.o.o.	Slovenia	Smart parking solutions	7,89
Stam S.r.l.	Italy	Lighting Control in buildings and surroundings	7,89
Hidas Technologies / Greenele Oy	Finland	EV charging balancing	7,89
Indeform Ltd.	Lithuania	Smart surgery planning automation and resources management solution	7,89
Plan Z research and development d.o.o.	Slovenia	Innovative solutions for enrichment of cannabinoids production	7,89
Reusable Technologies, d.o.o.	Slovenia	One company's trash is another business'treasure	7,89
Acrux Cyber Services	Lithuania	Automated roof surface mapping for PV from GIS data	7,89
DETU TECH - Consultoria, Mobilidade e Informação, Lda.	Portugal	Pedestrian safety technologies	7,89
Suryakant Yadav	Finland	Simulation of cargo handling in the fuel and energy transformation	7,89
Adanta d.o.o.	Slovenia	Move it or Lose it - Get Seniors Physically Active Online	7,89
Ryan McClure	United Kingdom	Solutions for monitoring the quality of urban runoff water	7,78
Fusebox OÜ	Estonia	Integrating electricity price forecasts into building automation	7,78
GoSense Wireless Ltd	United Kingdom	Alarm for future museums: museum exhibit storage monitoring system	7,78

Hattan Ltd.	Bulgaria	Small-scale wind turbine optimized for a household environment	7,78
LED Tailor Oy	Finland	Disinfection solution and cross infection prevention in healthcare	7,78
Remea, informacijske storitve d.o.o	Slovenia	How to avoid charging points to be used as a parking space?	7,78
Indeform Ltd.	Lithuania	Mobile application for surgical planning and guidance in 3D	7,78
enabl Technologies UG (haftungsbeschränkt)	Germany	Teleoperation of Forklifts	7,78
Kentyou	France	Smart inventory for objects in public spaces - application	7,78
PANOPTIKUM, MARKO CAFNIK S.P.	Slovenia	Digital environment for successful rehabilitation	7,78
Suryakant Yadav	Finland	Monitoring of dangerous goods on the port premises	7,78
MB Inosportas	Lithuania	The solution for rehabilitation and athletes, para athletes training	7,78
Genius Smart Group GmbH	Hungary	Fall prevention and detection for elderly care	7,67
BEST – Bioenergy and Sustainable Technologies GmbH	Austria	Small Renewable Energy Communities (REC) Management Tool	7,67
Healthy Mind Tech ApS	Denmark	Moving Sensors - Creating insights for sustainable mobility	7,67
Ryan Bell	United Kingdom	Individual prevention of mental problems by combining AI & mental help	7,67
SiWeGO S.r.l.	Italy	Ride Sharing Delivery Service: Utilization optimization	7,67
Jonjan Hoxha	Italy	Fall prevention and detection for elderly care	7,67
Rhoé	Greece	Shaping the last mile sustainable: Micro-depot Transshipment platform	7,67
Soluciones de Movilidad Especiales S.L.	Spain	Optimizing urban mobility considering all aspects of sustainability	7,67
Stefano Coss	Austria	4th generation district heating network using Digital Twin technology	7,67
Empirica Finland Oy	Finland	Service bot to collect georeferenced feedback	7,67
Lauri Häme	Finland	Drone based solutions for maintenance of properties	7,67
MB Violetas	Lithuania	Disinfection solution and cross infection prevention in healthcare	7,67
Stuart energy	Lithuania	EV charging balancing	7,67
Inero Software sp. z o. o.	Poland	Ensuring visibility and monitoring of deliveries for the port area	7,67
Smart EpiGenetX	Romania	Digital Health Ecosystem for Health Insurance	7,67
FAE Technology	Italy	Moving Sensors - Creating insights for sustainable mobility	7,56
Contiamo GmbH	Germany	Electric load forecasting tool	7,56

Local Food Ltd.	Bulgaria	Locally produced food for local customers	7,56
Rebiss d.o.o.	Slovenia	Focus on your future #VR	7,56
GridMetrics ltd	Bulgaria	Optimization of the wastewater pump in Kauno vandenys	7,56
DataCalculus OÜ	Estonia	Energy consumption optimization through machine learning Transparent public-privat partnership engagement model in healthcare Supply Chain Management, Mapping and Analysis Software Measurement of the environmental impact of decisions in municipalities Matching mental health problems with precise personalized support	7,56
Watec Consulting Oy	Finland	Solutions for treatment of urban runoff waters	7,56
BETTERGY SL	SPAIN	Online Solar PV quotation tool	7,44
Citynomadi Ltd	Finland	Mobile navigation platform supporting truck traffic in the port	7,44
Blokgarden Oy	Finland	Solutions for improving biodiversity in urban infrastructure	7,44
cloudyBoss UAB	Lithuania	Digitalization of glass melting, bottle forming-quality check process	7,44
AgriTech Futura Srl	Italy	Solutions for improving biodiversity with greenery in urban areas	7,44
Koduandur OÜ	Estonia	Fall prevention and detection for elderly care	7,44
Optimems Smart Energy Solutions	Greece	Electric load forecasting tool	7,44
Cireco d.o.o.	Slovenia	One Company's Trash Is Another Business's Treasure	7,44
Singletonas UAB	Lithuania	Adaptable ultra low power fully autonomous 0G parcel handover network	7,44
BABLE.DIGITAL SRL	Romania	Electric Load Forecasting Tool	7,33
MIPA d.o.o.	Slovenia	Automation of milling (Depanelization)	7,33
Preflet, LDA	Portugal	Energy blackout scenarios at the Port premises	7,33
Soluciones de Movilidad Especiales S.L.	Spain	Smart tourism - mobility challenge for the city	7,33
Urban Motion, Soluções Informáticas Lda	Portugal	Manage urban parking: improve livability, deliveries, & air quality	7,33
BEST – Bioenergy and Sustainable Technologies GmbH	Austria	AI based building energy management and control system.	7,33
Walter Scheiber	Austria	Renewable Energy Communities Management Tool	7,33
Benete Oy	Finland	Digital Health Ecosystem for Health Insurance	7,33
Kentyou	France	Optimizing urban mobility considering all aspects of sustainability	7,33
RE:LAB s.r.l.	Italy	Urban dashboard: presenting data visually to citizens+ decision-makers	7,33

Everyrun OU	Estonia	A platform for managing virtual/remote sport events	7,33
Ultrax technology	Croatia	The solution for rehabilitation and athletes, para athletes training	7,33
LED Tailor Oy	Finland	Fastest and most efficient surface disinfection in food industry	7,33
Rhoé	Greece	Smart Urban Landscaping	7,33
Actimi GmbH	Germany	Patient companion app for respiratory diseases	7,33
Stam S.r.l.	Italy	Renewable Energy Communities Management Tool	7,33
Scopios Health S.L.	Spain	Digital Health Ecosystem for Health Insurance	7,33
GHNL Global Hotspot Network LTD	Cyprus	Digitalization of Parking Management	7,22
Traffic and Mobility Management Technologies P.C. - deeptrffic	Greece	Solutions for smooth traffic	7,22
BEST – Bioenergy and Sustainable Technologies GmbH	Austria	Electric load forecasting tool	7,22
Stam S.r.l.	Italy	System for managing and visualisation of the fire protection systems	7,22
Amie Technologies B.V.	Netherlands	Digital remote monitoring system of cancer patients	7,22
MAYA Data Privacy	Ireland	Automated GDPR compliance for accountants	7,22
Pikotera, UAB	Lithuania	Remote and long-term heart rate monitoring clothes	7,22
T:mi Juho Häme	Finland	Visitor tracking for smart disc golf courses	7,22
VERTLINER Private Company	Greece	Measurement of large roof areas for PV by survey drones	7,22
baseflow AI solutions GmbH	Austria	Plausibility check of ¼-hour electricity data	7,22
Empirica Finland Oy	Finland	IT platform and service for PV/EV battery recycle/repurpose	7,22
Zamax d.o.o.	Slovenia	Optimizing and digitizing triage workflow for mental health patients	7,22
MCR TECH LAB SP. Z O.O.	Poland	system for managing and visualisation of the fire protection systems	7,22
Ergobyte Informatics S.A.	Greece	Digital database of injectable medicine in Estonia	7,11
Dymaxion OU	Estonia	Transparent public-privat partnership engagement model in healthcare	7,11
ATAPI Sp. z o.o.	Poland	Lighting control in buildings and surroundings	7,11
Fernando Augusto Carreiro de Mello	Germany	Individual prevention of mental problems by combining AI & mental help	7,11
HealthX Future GmbH	Germany	Multi-wearable data integration platform	7,11
HealthX Future GmbH	Germany	Barrier-free usability solution for digital health applications	7,11

THR SYSTEM sp. z o.o.	Poland	Advanced Video Surveillance System	7,11
Mo'Real Universe SRL	Romania	Mobile AR platform for tourist information at the seaport	7,11
Urban Motion, Soluções Informáticas Lda	Portugal	Optimizing urban mobility considering all aspects of sustainability	7,11
RadionOmais Oy	Finland	Workplace of the future - mitigating musculoskeletal system disorders	7,11
UAB "Dizaino agentūra"	Lithuania	Determining the behaviors, and satisfaction levels of museum visitors	7,11
Mentalport GmbH	Germany	Individual prevention of mental problems by combining AI & mental help	7,11
MEGA AS	Norway	Solutions for improving biodiversity in urban infrastructure	7,00
Momsanity	Bulgaria	Matching mental health problems with precise personalized support	7,00
Citynomadi Ltd	Finland	Tenants navigation system in office complexes	7,00
Fernando Sarría Estructuras SLP	Spain	Urban dashboard: presenting data visually to citizens+ decision-makers	7,00
Industrial Analytics IA GmbH	Germany	Optimization of the heat resource management process	7,00
Oversight	Israel	Urban dashboard: presenting data visually to citizens+ decision-makers	7,00
Owners Partners S.L.	Spain	Green universities in smart cities	7,00
Blokgarden Oy	Finland	Solutions for improving biodiversity with greenery in urban areas	7,00
MIPA d.o.o.	Slovenia	Safety solutions for car traffic in the city area	7,00
Ryan McClure	United Kingdom	Digitalise and Optimise of Water Supply System	7,00
UAB "Saulės šildymo architektūra"	Lithuania	Smart Urban Landscaping	7,00
Krzysztof Kulesza	Poland	Concept of RES and energy storage systems at the Port premises	7,00
Quantos Sp. z o.o.	Poland	Optimizing the cost of energy using smart metering	7,00
str.ucture GmbH	Germany	Smart building materials - digitally integrated	7,00
CityZ S.R.L.S.	Italy	Urban Tech - open call	6,89
Enée Bussac	Germany	Green universities in smart cities	6,89
INV Holdings OÜ	Estonia	Monitoring of dangerous goods on the port premises	6,89
nuvSystems srl	Italy	Smart parking solutions	6,89
Prosent	Slovakia	Professional Event Participation Tracking System	6,89
nuvSystems srl	Italy	Smart parking solutions	6,89
DAGOPT Optimization Technologies GmbH	Austria	Solar electricity recommender tool	6,89

Groupnow Singleperson P.C.	Greece	Smart Platform for Remote Partnerships	6,89
MB Efekto elektronika	Lithuania	Sensor for observing if an electrical device is in use or not	6,89
Métrica6 Ingeniería y Desarrollos S.L.	Spain	Digitalize and Optimize of Water Supply System	6,89
Nanteo s.r.o.	Czech Republic	Digital Health Ecosystem for Health Insurance	6,89
MEGA AS	Norway	Solutions for improving biodiversity with greenery in urban areas	6,89
Modern Mobility OÜ	Estonia	Automated shuttles from Pärnu city center to beach elephants	6,89
AppsForce B.V.	The Netherlands	Digital diary for hypertension	6,78
INV Holdings OÜ	Estonia	Ensuring visibility and monitoring of deliveries for the port area	6,78
Miivo Mobility SL	Spain	Optimizing urban mobility considering all aspects of sustainability	6,78
Integra AV Sp. z o.o.	Poland	Mobile AR platform for tourist information at the seaport	6,78
Latitudo 40 srl	Italy	Greener Connected - Bridging cities for sustainable transition	6,78
Suryakant Yadav	Finland	Standardization of databases on projects implemented in the port area	6,78
Fusebox OÜ	Estonia	Energy consumption optimization through machine learning	6,78
SiWeGO S.r.l.	Italy	Solutions for smooth traffic	6,78
iQ Payments Oy	Finland	Automatic calculation of the modal share of the city transport	6,67
Tietorahti Oy	Finland	Mobile navigation platform supporting truck traffic in the port	6,67
Alysidia GmbH	Switzerland	healthtec	6,67
HeBA Clinic OÜ	Estonia	Matching mental health problems with precise personalized support	6,67
Minudoc OÜ	Estonia	Matching mental health problems with precise personalized support	6,67
Soluciones de Movilidad Especiales S.L.	Spain	Smart parking solutions	6,67
Zana Technologies GmbH	Germany	Digital biomarkers in randomized clinical trials (RCT)	6,67
Skanatek AB	Sweden	Enabling public transportation in rural areas	6,67
solbytech gmbh	Austria	Hey bank, how much green electricity did my investment generate today?	6,67
iQ Payments Oy	Finland	Solutions for smooth traffic	6,56
LED Luks	Slovenia	Ecologically light up the Technology Park	6,56
Tietorahti Oy	Finland	Smart parking solutions	6,56

UAB Siemtecha	Lithuania	Digitalization of glass melting, bottle forming-quality check process	6,56
Contiamo GmbH	Germany	Automated PV yield forecasting based on existing databases	6,56
Werenode SAS	France	EV charging balancing	6,56
Ninjamoba LTD	Malta	Safe, anonymous digital platform for children in crisis	6,56
FB Innovation s.r.l.s.	Italy	Solutions for smooth traffic	6,44
RE:LAB s.r.l.	Italy	Make people care and more sensible for climate crisis	6,44
TechRivo Technologies, Lda	Portugal	Digital Health Ecosystem for Health Insurance	6,44
Preflet, LDA	Portugal	AI based building energy management and control system	6,44
Unternehmensberatung Norbert Rainer	Austria	Charging station sharing (private e-cars only) @ residential buildings	6,44
ESCO UKRAINE, LLC	Ukraine	Optimization of the heat resource management process	6,44
Haluk YILMAZ	Turkey	Smart City / Greentech	6,44
OmegaLambdaTec GmbH	Germany	Electric load forecasting tool	6,44
BABLE GmbH	Germany	Communication platform for solar companies and municipalitie	6,33
CHONGTECHNOLOGIES	Portugal	how-to-avoid-charging-points-to-be-used-as-a-parking-space-2	6,33
CO2 Marketplace SL	Spain	Platform for Innovative informing citizens about CO2 emissions in their cities	6,33
DDP Supply Marcin Maliszewski	Poland	Innovative solutions to install tiles that allows reuse and recycling	6,33
Fernando Augusto Carreiro de Mello	Germany	Mental health support for young people in distress	6,33
Emisfera Soc. Coop.	Italy	Parking lot management system	6,33
Miivo Mobility SL	Spain	Additional function for our regional mobility app: CO2-sharing points	6,33
SiWeGO S.r.l.	Italy	Manage urban parking: improve livability, deliveries, & air quality	6,33
UAB "Saulės šildymo architektūra"	Lithuania	Heating modernization in disadvantaged settlements and households	6,33
Smartmonkey Scalable Computing SL	Spain	Real-time GPS tracking system for the delivery of pellet boilers	6,33
Madesign OOD	Bulgarie	Move it or Lose it - Get Seniors Physically Active Online	6,33
Mycaii Corp.	Ukraine	Tenants CRM system	6,22
WeltEnergie OÜ	Estonia	Quantity and quality databases of groundwater and soil cleanliness	6,22
AdvanGrid SIA	Latvia	External central control unit for multiple solar inverters & batteries	6,22
Rhoé	Greece	15-minute cities: Design sustainable & economical logistics concepts	6,22
TechRivo Technologies, Lda	Portugal	Digital mental healthcare for people with dementia in care homes	6,22

VePa Vertical Parking	Germany	Manage urban parking: improve livability, deliveries, & air quality	6,22
Enée Bussac	Germany	Optimizing urban mobility considering all aspects of sustainability	6,11
Arhitekturno projektiranje, Sara Jesihar s.p.	Slovenia	Comprehensive optimization and digitalization of stationary traffic	6,11
Panda Training Oy	Finland	Matching mental health problems with precise personalized support	6,11
INV Holdings OÜ	Estonia	Advanced Video Surveillance System	6,11
Soluciones de Movilidad Especiales S.L.	Spain	Parking lot management system	6,11
Tinkerlab d.o.o.	Slovenia	Ensuring visibility and monitoring of deliveries for the port area	6,11
Latitudo 40 srl	Italy	Smart Urban Landscaping	6,11
Lauri Häme	Finland	Automatic mapping by drones	6,11
Preflet, LDA	Portugal	Calculation and visualisation tool for adaptive predictive maintenance	6,00
Kentyou	France	Pedestrian safety technologies	6,00
Owners Partners S.L.	Spain	Logistics	6,00

*Applicants who submitted a short proposal to more than one challenge are repeated in the ranking according to the average score of each application.
